The Honorable Tom Cole  
Chairman  
House Committee on Appropriations  
H-307, The Capitol  
Washington, D.C. 20515

The Honorable Rosa DeLauro  
Ranking Member  
House Committee on Appropriations  
1036 Longworth House Office Building  
Washington, D.C. 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Hydrogen Fuel Cell Generators Project in Fiscal Year 2025. The entity to receive funding for this project is Central Contra Costa Transit Authority, located at 2477 Arnold Industrial Way, Concord, California 94520.

The funding would be used for purchasing and installing two hydrogen fuel cell generators and one storage tank for sustainable hydrogen fuel cell battery operations at Central Contra Costa Transit Authority. The project is an appropriate use of taxpayer funds because it will provide community and economic benefits by improving public transportation infrastructure, allowing for cost savings and a more seamless transition to zero-emissions hydrogen buses.

The project has a Federal nexus because the funding provided is for the purposes authorized by chapter 53 of title 49 of the United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mark DeSaulnier  
Member of Congress
