Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Antioch and Oakley Smart Signals Project in Fiscal Year 2026. The entity to receive funding for this project is the Contra Costa Transportation Authority, located at 2999 Oak Road, Suite 100, Walnut Creek, California 94597.

The funding would be used for installing equipment, including controllers, cabinets, switches, and modems, and construction in order to upgrade 15 intersections and facilitate the development of a network of smart traffic signals between Antioch, CA and Oakley, CA. The project is an appropriate use of taxpayer funds because it will improve commute times, reduce delays, and ease congestion along routes of regional significance.

The project has a federal nexus because the funding provided is for the purposes authorized by 23 USC 133(b).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mark DeSaulnier  
Member of Congress
