AND INFRASTRUCTURE

March 27, 2026

The Honorable Tom Cole
Chairman
House Committee on Appropriations
H-305, The Capitol
Washington, DC 20515

The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the San Ramon Intelligent Transportation System and Citywide Communications Infrastructure Stop Gap Project in Fiscal Year 2027. The entity to receive funding for this project is the City of San Ramon, located at 7000 Bollinger Canyon Road, San Ramon, California 94583.

The funding would be used for continuing buildout of the City's fiber infrastructure, which will allow further deployment of adaptive traffic signals, smart detection cameras, and situational awareness cameras. The project is an appropriate use of taxpayer funds because it will promote traffic signal coordination, public safety communications, and future connected vehicle technologies, also tying in with the Contra Costa Transportation Authority's countywide smart signal initiative to reduce congestion along the I-680 corridor.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mark DeSaulnier
Member of Congress
