The Honorable Rosa DeLauro
Ranking Member
House Committee on Appropriations
1036 Longworth House Office Building
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Strategic Public Safety Technology Improvements – Real-Time Operations Center (RTOC) Project in Fiscal Year 2027. The entity to receive funding for this project is the City of Antioch, located at 200 H Street, Antioch, California 94509.

The funding would be used for establishing a Real-Time Operations Center (RTOC) to serve as the Antioch Police Department's central hub for intelligence and information-sharing. The project is an appropriate use of taxpayer funds because it will improve the accuracy, accessibility, and security of police records, enhance interoperability and coordinated responses with community partners, improve both public and officer safety, increase transparency, and reduce long term operational costs.

The project has a federal nexus because the funding provided is for the purposes described in section 1701(b)(9) of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. § 10381(b)(9)).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Mark DeSaulnier
Member of Congress
